

OPERATION STEPS

FUNCTION & SPECIFICATION

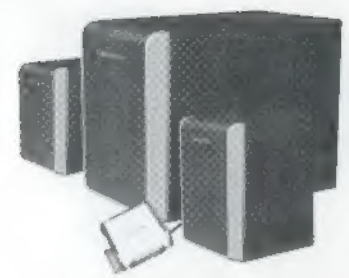

Spezifikation

- Eingangs Impedanz 47k ohm
- Ausgangsleistung (RMS) - 30 W
- Frequenz
- Lautsprecher 150Hz ~ 20kHz
- Subwoofer 50Hz~200Hz
- Lautsprecher 3", 4 ohm - Woofer 4", 6 ohm
- Stromversorgung • 220V
- 50Hz
- Lautsprecher 90x152x91 (BxHxT)
- Subwoofer 125x175x220 (BxHxT)

CE Attestation of Conformity

Date of issue: August 2, 2003 Attestation Number: RSZ05072251-1, RSZ05072251-2

Bat Area Compliance Laboratory Corporation (BACL) hereby declares that testing has been completed and reports have been generated for:

Product: Multimedia speaker
Model: C108
Applicant: SANBADA AUDIO (SHENZHEN) CO., LTD.
A Building (B2) ShuangCang Industry Park, Qianhai Road, Xixiang Town, Bao'an County, Shenzhen, P.R. China

And, in accordance with the following Applicable Directives:

89/336/EEC (Electromagnetic Compatibility (as amended))

This product has been assessed against the following Applicable Standards:

EMC: EN 55022: 1998+A1: 2000+A2: 2001
EN 55024: 1998+A1: 2001+A2: 2003
EN 61000-3-2: 2000 & EN 61000-3-3: 1995+A2: 2001

A "CE" Declaration of Conformity issued by the manufacturer, and application of the CE Mark, is permitted after all applicable requirements are met in accordance with European Union Rules. The declaration is specific to the product(s) listed above and compliance is additional evidence that is required.
